

Whilst at home, it is very important you continue to learn. United Learning have built an excellent website for this exact purpose, with lessons and exams you can use so that you do not fall behind.

Step 1: Click on this link: [Curriculum - Curriculum \(unitedlearning.org.uk\)](https://www.unitedlearning.org.uk)

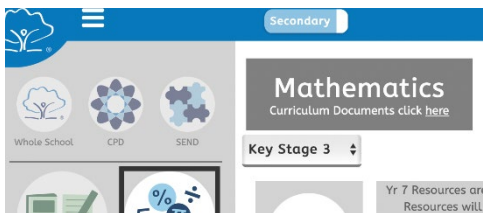

Step 2: Ensure to switch the toggle at the top to 'secondary'

Step 3: Pick the subject you would be learning at that time of the day. for example, Maths period 5&6 Thursday.

Step 4: Ensure that you have the right Key Stage (Years 7, 8, 9 are Key Stage 3, Years 10 and 11 are Key Stage 4, and Years 12 and 13 are Key Stage 5)

Step 5: Consider what you need to work on, e.g. 'Functions' in Maths

Step 6: Complete the lesson and the KPI test.

Of course, you always have homework set on other online platforms that you can use, including:

- Senenca
- Sparx Maths
- Sparx Reader
- Bedrock
